# TIGER

the firefighting backpack  
with motor pump

The firefighting backpack TIGER with motor pump serves for fighting of small fires, blazing of forest undergrowth and as equipment of patrols after fire liquidation or during burning the brushwood following the forest exploitation. It is a suitable equipment of fire tankers, off-road vehicles during visual inspections of forest grounds in dry months.

TIGER is a good alternative for classic firefighting backpack from series of ERMAK. TIGER offers a greater extinguishing effect with larger fire cover.

For firefighting is used a strong air stream that, if necessary, is supported with water to form a water mist. The strong air stream is generated by two-stroke engine and a fan which blows the air into the nozzle. In the nozzle the air is mixed with water which is pumped from the backpack. If necessary, it is possible to support the extinguishing effect with a foam agent which is mixed into the backpack.

You can configure TIGER according to you! Select the right engine according to your favoured manufacturer and add it with one of our backpacks.

## TIGER M

### McCulloch GBV345

Manufacturer McCulloch is under the brand Husqvarna and offers very good price/power ratio. Save your money!

## TIGER S

### Stihl SH 86-D

Manufacturer Stihl offers proven quality and wide range of branch with service. Do you have some product from Stihl? Don't change!

## TIGER H

### Husqvarna 125BVx

Manufacturer Husqvarna offers proven quality and wide range of branch with service. Do you have some product from Husqvarna? Don't change!

### Basic technical parametres

	TIGER M	TIGER S	TIGER H
Power	0.75kW	0.80kW	0.80kW
Air speed	96.1m/s	76.0m/s	69.0m/s
Tank volume		16/20/25l	
Flow rate	2l/min	1.8l/min	1.8l/min
Spraying distance		6m	

## 3in1 ► thanks to quick coupler

...the firefighting backpack with a double-action handheld pump where you can't use the motor nozzle...

...leaf blower, vacuum and crusher with original accessories by motor's manufacturer.

The firefighting backpack with motor pump with high performance and easy handling...
